

When you need a little help to stay at home...

Sunrise Home Care Agency

... is just a phone call away.

Private Pay Services

Many of us have been blessed with the financial stability to pay for services to allow us to remain in our own homes. We are also blessed with longer lives while we enjoy the freedom of in-home care and independence.

Do we also need the stress of struggling to figure out how to manage our financial resources and receive adequate home care assistance? No, you do not. Sunrise Homecare recognizes those of us in our community who have perhaps sufficient resources but not excess resources. We strive to keep our private pay rates comparable with our competitors but with more flexibility, services and quality than our competitors.

2 Hour minimums. While our competitors require that you have a minimum of 4 hours of services at a time, we do not. Our minimum is 2 hours. This helps you receive help more frequently throughout the week instead all at one time.

Competitive Rates. You will not find any rate as competitive as ours. Our current rates may appear overwhelming so we encourage you to shop and make comparisons with our competitors. We are sure you will select SHCA for your care.

Effective 5-1-09:

One time assessment fee for all rates: \$35.00

Hourly Rates:

1 client: \$20.00/hr

2 clients: \$36.00/hr

Live-In Care:

1 client (with 8hrs down time): \$290.00/day

2 clients (with 8hrs down time): \$435.00/day

Other In-Home Needs: Call to discuss in person.

Payment. Monthly-itemized billings will be sent no later than the 15th of the following month of service. We will keep a current financial record for each client showing the status of his or her account. SHCA encourages the use of debit or credit cards. We accept MasterCard or Visa. We will ensure confidentiality of account information. We will run the card at the end of the month and send you a copy of the receipt. Card information is to be given to the supervisor during the admission visit. Other options are by check or money order payable to Sunrise Services, Inc.

Private Medical Insurance. Though Medicare doesn't pay for in-home services, SHCA contacts your long-term care insurance to assess if we can bill your insurance directly. You would only be responsible for all or any portion of fees not covered by the insurance.
