www.SunriseCommunityLiving.com

Sunrise Home Care would be happy to help you determine your coverage and help you with your financial arrangements before care begins. Medicaid, health insurance and private resources are ways to cover payment for the services you require. A full range of private duty services are available.

The Benefits of our Team Approach

Our Pledge:

We pledge to honor you as the central and most important member of our team. We will follow your directions regarding your care. Your safety, satisfaction, and well being means everything to us. We value our seniors and persons with disabilities and will be responsive to your needs.

Experienced Supervision:

Our team of supervisors includes Registered Nurses. Their knowledge and experience is invaluable in ensuring you receive the care you need at home. To meet your needs, we have our supervisors work in teams. One team is available to work with your scheduling needs while another team is available to speak with you about any concerns you may have. We are just a phone call away.

Training Program:

We have our own Education Center which is run by licensed professional instructors. They have many years of combined experience in personally providing the care being taught to our home care aides. By providing our own training, we know that your home care aide will be able to properly care for you.

Nurse Delegation:

We have a team of Registered Nurses to train our aides to meet your specialized needs through the Nurse Delegation process. This in-home safety net is crucial as your care needs change. We will be there when you need us the most.

at Sunrise Home Care Agency

Home Care Aides:

Our home care aides are the heart of our team. They each desire to help our seniors and work with people with disabilities. They are dedicated, capable, and well-trained. Each aid is interviewed and screened with multiple references and background checks prior to entering your home. We will never forget your need for safety and security. Your caregiver does not need to be a stranger. You may request a friend, a family member or even a neighbor to be hired by Sunrise to provide your care.

Our Team Goal:

We understand your goal is to remain in the comfort of your own home. We will care for you by providing the help you need to be safe and secure in your home with the dignity and respect you deserve.
