

When you need a little help to stay at home...

# Sunrise Home Care Agency

... is just a phone call away.

## OUR MISSION STATEMENT

*Our mission is to enable individuals to remain in their own homes and to provide assistance, safety and comfort to each through the provision of personal care, household assistance, and transportation.*

Thank you for choosing us to help you stay at home. You have become the center of our efforts to provide you with rewarding and long-term care as we provide you with excellent services in our community. Let us prove to you that your choice was a wise one.

We believe that a well-trained employee is a happy and long-term employee. Happy and long-term employees provide the best services to you. We provide **Home Care Aides** with detailed orientation and training of our policies and procedures before they make their first home visit. We equip each home care aide with the training and education they will need to edify their caregiving and experience. You will feel confident about their abilities.

**Supervision of Services** is essential because we want you to receive the same level of care that we want for our own family members. Nothing less will ever be acceptable to us. Only if you are happy with our care you will recommend us to your friends and family. Therefore, we only hire supervisors with multiple years of experience. Supervisors strive to provide long-term home care aide assignments to enhance your satisfaction, continuity and quality of care.

Your input is very important to us. Please call with any questions, concerns or unmet needs as they arise. We will respond promptly.
